Any child with a medical condition including those who carry an Epi Pen and those who are asthmatic, will have an Individual Health Care Plan. Where appropriate this will be available to all staff who come into contact with the child. Where appropriate parents/carers and the child will be involved in creating the plan which will look at the child's needs whilst in school and will be responsible for providing up to date medication also at the request of the school. The plan will need to be signed by the Parent/Carer, Health and Welfare Officer. It is the Parent/Carer's responsibility to ensure care plans are up to date and reviewed as and when necessary and that any medication is sent onto school when request by the Health Advisor. Please contact Medical on 01908626157 if you need to arrange an appointment.
