

Arrival at school

As most students walk to school we tend to have a gradual arrival at school. However steps will be taken to keep the groups separate when they arrive on site. Parents have been asked to ensure that their children do not arrive on site until 8.30 where possible. Breakfast provision will be for identified students only.

There will be three entrances used and three congregating areas employed to keep the year groups segregated until they start lessons. There will be hand washing and sanitising stations in each area and students will be reminded to wash or sanitise their hands on arrival and before they attend lessons.

Year groups	Entrance	Congregating area	Handwashing
7 and 9	Main entrance	Maths playground. Half for year 7 and half for year 9	Maths toilets
8 and 10	English entrance	English playground. Half for year 8 and half for year 10	English toilets
11 and 6th form	Site office entrance	Area around PO1 for year 11 6th Form to use social area	Tower toilets

6th form students will be encouraged to attend on site for lessons only so that we can reduce the number of students on site.

Protective measures will be employed along the access road to the staff car park as this is an area of the school that is infrequently used by pedestrians and never used by students.
