

LIBF Finance Yr11/12 Summer transition work 2023

Complete the two mandatory tasks and then choose one of the optional activities. Once 3 activities have been completed, send to s303@lordgrey.org.uk before 30th August 2023- this is a requirement of the course.

Mandatory task 1	Complete this online training module (you will need to create a free account) on mortgages and print/screen shot the certificate of completion.
Mandatory task 2	Applying your knowledge to different situations is vital to your success in Finance. Read through the case study and the associated questions : highlight key pieces of information from the case study that you think would help you to address each question. You are not expected to answer the questions.
Option task 1 OR Option task 2	<p>Conduct research to find out what caused the 2007/2008 financial crash and put your findings into a slide presentation. You should avoid simply copy and pasting, instead summarising your research in your words. Ensure that you take a note of all the websites etc that you use and include a reference page at the end of your presentation.</p> <p>Conduct research to find out what the role and history of the Bank of England and what they are responsible for. Put your findings into a slide presentation. You should avoid simply copy and pasting, instead summarising your research in your words. Ensure that you take a note of all the websites etc that you use and include a reference page at the end of your presentation.</p>
