

Lord Grey Academy - healthy classroom rules

This guidance for students is to help make the classroom a healthy and safe place. Your teacher has to enforce new rules that have been set by the Government and by the school and it is your job to know why it is important that we follow these rules.

- It is important that there is a good flow of air in the classroom - your teacher has been asked to ensure that windows and doors are kept open. Please do not shut windows or doors.
- Depending on the location of the classroom you may be asked to line up outside of the buildings keeping social distance between you. You must follow the teachers instructions.
- You should wash your hands before entering the classroom or use the hand sanitiser that is in each classroom.
- You will be asked to sit in rows following the teacher's seating plan.
- You should enter the classroom in a calm and ordered way - keeping social distance at all times.
- You will be reminded about good hygiene at the start of each lesson and if you need to use a tissue you will be asked to dispose of this in the lidded bin that will be in each classroom. You will need to use the hand sanitiser after using the bin.
- You will need to stay in your seats at all times so that you can keep social distance.
- You will only be able to use your own equipment.
- If you feel unwell then you should tell your teacher immediately.
- You will be asked to help clean tables, chairs and equipment at the end of lessons
- You must continue to follow the rules that we have in the Lord Grey Way
