MK Multicultural Excellence Awards 2025 - Excellence in diversity and inclusion award

We are truly honoured to receive this Award of Excellence in Diversity and Inclusion. This recognition is for the incredible team and community that have worked tirelessly to create a culture where everyone feels valued, heard, and empowered.

First, I want to express my deepest gratitude to these awards, the selection committee, and my colleagues who have supported this journey. To my wonderful school community of parents and carers and students as well as staff and everyone who has contributed to making inclusion more than just a goal—but a way of life—thank you.

At the heart of our work are the values that define us: determination, curiosity, civility, ambition and, integrity. We believe that diversity is our strength and that inclusion is the foundation of true excellence. When we create spaces where every voice matter, we don't just change policies—we change lives.

This award is a reminder that our work is never done. We will continue to break barriers, challenge biases and stereotypes, and build a future where everyone belongs.
