

3 April 2020

Dear Parents, Carers and Guardians

As I mentioned in an earlier communication the Government have now released further information about how grades will be awarded.

Ofqual has written a letter to students ([click here](#)) who were due to be sitting exams this summer explaining how grades will be awarded. Students have received this letter via email too.

You will see that there is still further guidance to come on the vocational qualifications and we will share that with you when we know more.

Kind regards

Jim Parker
Principal
